

"Tuesday's Child helped change our lives, and this is a dream come true for our family."

A New Future

"When we came to Tuesday's Child, our whole world changed. The boys immediately took to their classroom and teachers. My husband and I began to use the Tuesday's Child structure and discipline techniques at home, and they made such a difference with our children. Our boys also started speech therapy which brought them from mostly grunting with a few words, to speaking and even singing songs.

Our boys are now in preschool and their first day of school was a breeze! When they walked into school for the first time, they both sat down with a puzzle while other children were crying and clinging to their parents. I know this great behavior is due to Tuesday's Child. Our boys continue to receive services at Tuesday's Child and ***each day they continue to be better prepared for school and long-term success.***"

About Tuesday's Child

Mission Statement

Tuesday's Child enables families to thrive through positive parent training, inclusive behavioral classrooms and support services. Our proven model impacts home, school, and the community.

History

Originally founded in 1981 at Children's Memorial Hospital, Tuesday's Child is now an independent 501(c)(3) nonprofit and has been providing high-quality services for over 30 years.

Goals

At Tuesday's Child parents learn to:

- handle temper tantrums, hitting and sibling fights.
- successfully manage daily routines including mealtimes and bedtimes.
- prepare children for success in school.

At Tuesday's Child children learn to:

- interact appropriately with others.
- cope with a variety of situations.
- recognize limits and follow directions.
- comply with daily routines.

Located in Gordon Tech High School at the Corner of Addison & California in Chicago.

Behavioral Intervention

Tuesday's Child helps families address behavioral issues through individualized training for both parents and children. Our evidence-based program centers on an individualized approach that enables our team to address each family's specific situation.

Customized for Your Family

We are the only service for parents that combines clinical expertise with peer-to-peer support. Parents who have been through the program are an integral part of our team. Their practical, day-to-day experiences enhance the techniques taught by our professional staff and provide families with a sense of comfort that they are not alone in their challenges.

The Program In Action

Parents work on individualized behavioral and goal planning activities, with group sessions led by a Clinical Psychologist and individual time with trained peer mentors. Tuesday's Child offers both weekday and Saturday programs and is offered in English and Spanish.

Dual-Services

While parents are in session, children receive services in the Child Center which uses the same developmentally appropriate, behavior management strategies taught to parents. Emphasis is placed on cooperating with the teacher and interactive games and play with peers.

The Proven Difference

Tuesday's Child has been helping parents bring out the best in their spirited children for over 30 years. When families struggle with behavioral challenges, solutions often cannot be found in books, DVDs or even seminars. We firmly believe that our unique combination makes the difference -- individualized parent coaching, peer-to-peer support and opportunities for children to practice their new behavioral skills in a classroom setting. Families who complete the program report that the techniques they learned have dramatically improved their children's behavior, daily lives and family relationships.

Passion To Help Your Family

Our program participants find that our professional staff and parent trainers truly care about the families who come to Tuesday's Child. The passion they demonstrate is one of the reasons we have such a loyal and emphatic group of supporters who are an important part of our referral network. Our role is not to diagnose children with specific issues or disorders. Rather, we focus on improving the child's behavior and setting them up for success.

Additional Services

Tuesday's Child offers additional services to community service organizations, families and children to assist them in addressing daily behavioral challenges including:

- Behavioral Support Child Center
- Therapeutic Summer Camp
- Speech & Occupational Therapy
- Outreach Parent Training
- Individual and Group Counseling
- Parent Support through the IEP Process
- Ongoing Workshops & Support Groups
- Professional Staff Training
